

Sixteen Acres Civic Association, Inc.

October / November / December - 2015 Newsletter

Message from the President

Hello everyone

We hope that you had a good summer. Last June we had an election for our civic association officers and board members. A big congratulation goes to everyone who was voted in. Now the plan is for us to continue working together, to keep our community the safest and the best in the whole city.

After we have been working with the city for several years about getting started on the new senior center at Blunt Park, the ground breaking for this building has just happened on October 6, 2015. Last summer a water park was added to Pine point's Baliet park, where work will continue with refurbishing the tennis courts, a ball field, picnic area, to name a few.

Our city election day is on Tuesday, November 3, 2015. You are important-exercise your right to vote for the candidates of your choice. Voting is a privilege which is not afforded in some parts of the world.

Upcoming programs for autumn to winter at the Clodo Concepcion community Center:

11/17- Neighborhood watch, 6:00 p.m. social, 7:00 p.m., speaker: Daniel Keenan, Senior Vice President Government Relations, Sisters of Providence Hospital. Note: our neighborhood watch meetings take place every other month. Thanks to so many of you who continually attend our community's watch; your support has been crucial to its success. You do make a difference.

12/15 - Annual Holiday Dinner Meeting and Party, 6:00 p.m., for members only, no children please. Members must pay their dues in order to attend the Party; your 2015 dues can be paid on that evening. We need a count of people coming to this event; be sure to call Sally at 783-3133 to make your reservation.

There is no January 2016 meeting however there will be a 6:00 p.m. neighborhood watch. Our regular meetings will resume in February 2016.

Reminder: save this newsletter as it only gets out to you quarterly.

We wish you and your family healthy and joyous holidays ahead! See dues form on back >>>>
